

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY  
REGION II

DATE: OCT - 2 2007

SUBJECT: Diamond Head Oil Superfund Site, Kearny, New Jersey, Remedial  
Investigation IAG with U.S. Army Corps of Engineers

FROM: Carole Petersen, Chief  
New Jersey Remediation Branch

TO: Richard Manna, Chief  
Financial Management Branch

A completed Commitment Notice (CN) and GICS sheet to obligate \$384,000 to the United States Army Corps of Engineers (COE), Kansas City District for Remedial Investigation activities at the Diamond Head Oil Superfund Site are included.

The total amount of the Commitment Notice is included in the FY'08 Advice of Allowance. This project calls for the continuation of a Phase 2 Remedial Investigation to evaluate the extent of on-property and off-property contamination, refine the site conceptual model, evaluate vertical contaminant migration to the bedrock surface, investigate contamination beyond the site's property boundary, and support the ecological and human health risks, and remedial alternatives feasibility evaluations.

If you have any questions regarding this project, please contact me at extension 4380, or Grisell V. Díaz-Cotto, the Remedial Project Manager for the site, at extension 4430.
